Besto Racingbelt 100N

The front panels of the highly comfortable Racingbelt lifejackets are designed as separate sections to ensure exceptional body comfort. This design is also ideal for women. The lifejacket is designed with top, waist and bottom fastening to ensure a close body fit, and to enhance body comfort and safety. All sizes are designed with Fluorescent Orange High Visibility outer fabrics, signalling whistle and reflective applications for quick recognition and rapid rescuing in case of an emergency. The jackets are provided with crotch straps to prevent the lifejackets from creeping up. Sizes 1 and 2 are available in special kids designs using colourful fabrics.
