

## BESTO 165N LIFEJACKET

### BESTO 165N LIFEJACKET

The Besto 165N Inflatables has a good body fit due to the soft outer cover and special neck shape. The collar is strapped onto the back, that gives a comfortable neck fit. Also it gives a good neck/head support when the jacket is inflated.

The jacket comes standard with a crotch strap, to enhance performance and freeboard. The jacket is finished with edge binding all-around the jacket. It has a buoyancy of 165N. The jacket is available in various versions such as: automatic or manual, with or without safety harness and in various colours.
