

A young boy with short brown hair, wearing bright pink swim trunks, is standing on a wooden deck. He is leaning forward, holding a large, colorful beach ball with both hands. The beach ball has stripes in yellow, orange, green, and blue. In the background, there is a swimming pool with a white cover, and a dense line of green trees and bushes. The scene is brightly lit, suggesting a sunny day.

All of the pleasure, none of the stress

BAR COVER FOR SWIMMING POOLS

SAFETY, ALL SUMMER LONG

THE BAR COVER IS EASY TO USE

- Simply pull on a strap to deploy the cover over the pool.
- A crank is provided to roll it up.

No complicated mechanisms, no risk of breakdown.

THE BAR COVER IS PRACTICAL

- Install one cover and enjoy total peace of mind for years. Avoid the drudgery of tedious seasonal cover changes: cleaning, folding and storage of one cover, unfolding and installation of the other. Choose comfort, choose the BWT myPOOL P-580 bar cover.

BAR COVER UPKEEP IS EFFORTLESS

- Both surfaces are varnished so the bar cover stays clean and can be washed down easily with a jet of water.

COLOUR

GUARANTEES & STANDARDS

THE BAR COVER IS HARD WEARING

- The bars are made of natural, anodised Aluminium to increase the cover's service life.

THE BAR COVER IS STRONG

- The bar cover membrane is comprised of very strong (580g/m²), UV stable, polyester fabric.
- The cover fabric is one continuous piece at the points where the bars are installed to enhance the cover's mechanical strength. Each side of this strong membrane is varnished to help it withstand mechanical and physico-chemical stress and damage.
- The straps are fastened to a vertical wall using stainless steel hooks (provided).
